Our Christian Philosophy of Education

Grace Bible Institute offers a curriculum which is Bible centered. This means that every graduate completes at least thirty semester-credit-hours in the study of the Bible itself. But it means much more. The Bible is the integrating, unifying principle for the entire program. God is at the center of every subject taught. The faculty is born-again and holds a Christian world and life view. Thus every part of the curriculum is interpreted and applied from a Christ-centered, Biblical perspective.

The purpose of Christian education is to glorify God. Before this can happen man who is a sinner must be regenerated. He must develop and nurture the Christ-like life. He must find and do God's will. Christ must dominate, govern and control whatever the student does mentally, physically, spiritually or socially. The training at Grace Bible Institute is designed to result in a life surrendered to Iesus Christ.

A Christian philosophy of education stands in opposition to a naturalistic and man-centered point of view. Much of contemporary education is antisupernatural. Man is accepted as unfallen and good. He is pictured as continually climbing from a low origin to something higher. God doesn't really matter and man given enough time and education will ultimately succeed in accomplishing his goals. This philosophy is the direct contradiction of the God-centered world view of Grace Bible Institute. Christian education lays emphasis on the supernatural. Man is seen as a fallen being destitute of good. He can only succeed by the redemptive grace of Jesus Christ. God is recognized as the ultimate reality, and man can only live a full and meaningful life when properly related to Him.

Twenty-eight years of experience has verified the dynamic of a Christian philosophy of education. Grace Bible Institute is as deeply convinced today as were the founding fathers that the Bible is an authoritative, inerrant revelation from God.

Grace Bible Institute is committed to offering an education that is permeated throughout by the Bible.

Objectives and Distinctives of the Institute

Church vocations are among the most important callings young people can answer. The serious and awesome responsibilities of Christian service in today's world demand an all out commitment to Jesus Sence of the Holy Spirit—the only power of the church, implicit faith full obedience to the great commission—the only purpose of the church, and a personal involvement by each member—the only method of the church. The goal of Grace Bible Institute is to prepare students of

Objectives

The institutional goals which appear below are of special importance to all who are interested in Grace Bible Institute. They will a reason for the kinds of person the school aims to develop and provide prospective student should seriously and carefully study these objectives so that his personal aims are similar to those of the school. A tended meaning.

To provide opportunity for the student to become a well-balanced, Christ-like person through proper mental, physical, spiritual and social development. (Luke 2:52). The cultivation of the Christ-like life is of that point where Christ is at the center of every area of his life. The whatever the student does mentally, physically, spiritually or socially.

To guide the student into a basic knowledge of the Bible and an understanding of Biblical doctrine. The Bible is God's ordained means of "thoroughly furnishing unto all good works." II Timothy 3:17. The the student will concentrate and specialize in Bible study as a foundation.

To awaken in the student a greater love for Christ and the desire to share His passion for the lost. Facts in themselves are not enough; the heart must be reached. The intense desire of the Lord Jesus Christ to provide a way of salvation for lost men caused Him to move unflinchingly toward the cross. The student must so learn to love Christ as to serve Him with similar devotion that unbelievers may come to saving faith in Christ.

To promote in the student a sense of world-wide missionary responsibility and personal dedication to do God's will. In the final analysis the action of both the mind and the heart is dependent upon the will. Once the student realizes the Christian obligation to share the gospel with the whole world, he must discern God's will for his life and then with great determination carry out that will.

To broaden the student's understanding of the world in which he lives through a Christ-centered program of general education. (General education includes subjects such as English, music, speech, foreign language, science, psychology, philosophy, history, sociology.) General education subjects are for the purpose of broadening the educational foundation of the student. Such breadth of education is considered essential whether the student serves at home or in some foreign field. Since all truth belongs to God regardless of the means of manifestation, it can be effectively integrated with Biblical truth. A deliberate effort will therefore be made to allow the Lord Jesus Christ and the Scriptures to be the integrating factor of all general education.

To prepare the student to serve effectively in his God-appointed sphere of Christian service. (Such as missions, pastoral ministries, Christian education, music, or lay ministries.) The student must be skilled in the communication of the message of the gospel. As the Lord leads, each student chooses an area of specialization in which to serve. This practical training along with the Biblical and general training rounds out the student's education and equips him to serve effectively.

To encourage the development of wholesome Christian attitudes, appreciations, and values. To deepen and broaden the student's life, to bring radiance and vitality will require development of the intangibles of life. Love, fear, respect, reverence, discipline and cooperation are just a few of these necessary items.

To instill within the student a sense of responsibility for continuous spiritual and intellectual growth. The concern of the school is that students will continue to grow both spiritually and intellectually after they are graduated.

Distinctives

The education offered at Grace Bible Institute differs from a liberal arts education or even a Christian liberal arts education in a number of ways. In order that students may understand these differences and choose the school which will meet their personal and vocational goals, the following distinctives should be carefully noted. Parents and pastors should also find these distinctions helpful when furnishing educational guidance for young people.

Nature. The particular emphasis of the liberal arts college is to provide a broad, liberal education in the humanities and sciences as a foundation for *many professions and vocations*. Grace Bible Institute, in contrast to this, is *specialized* and seeks to prepare students for church related, *Christian ministries*.

Concentration. Probably the major distinction is that of concentration in Biblical studies. The liberal arts curriculum concentrates on the humanities, social sciences, and natural sciences. To this the Christudent chooses a major in Bible or Christian education, in which case the major is generally 24-30 hours. For the most part, however, students in liberal arts colleges choose majors other than Bible.

Students of Grace Bible Institute concentrate on a study of the Bible. All graduates are required to complete 52-61 hours of Bible, only exception to the above is the nursing program where 40 hours of Bible are required, 30 of which are textual Bible and theology. The of Bible are required, 30 of which are textual Bible and theology. Thus over 40% of the curriculum is given to a concentration in Biblical other schools is significant in the light of Paul's statement in II God wants communicated to all the world.

Although the Bible major is the heart of the Grace Bible Institute curriculum, basic courses are also required in general education. In fact, about 38% of the curriculum of the Bachelor of Arts program is given to subjects designed to broaden the educational foundation of the students. Correspondingly less general education is required in the more specialized programs.

To round out the education offered at Grace Bible Institute, professional training is offered in various areas. Fields of specialization include Missions, Christian Education, Pastoral training and Music.

Practical Christian Experience. Practical experience in Christian service is an integral part of the training available at Grace Bible

Institute. Whereas in many schools this experience is on a voluntary basis, at Grace Bible Institute, all students except freshmen are required to have one assignment in Christian service for each semester they are enrolled.

Personal spiritual life. Since all the students at Grace Bible Institute are majoring in Bible and are looking forward to service in the program of the church, they have more unity of purpose than do students in other kinds of schools. This makes it possible to lay heavy emphasis upon Christian ministries and the personal spiritual life of the student. Christian service, to be effective requires a Christ-honoring life. Students are constantly urged to consider indispensable such matters as daily devotions, soul winning, faith, prayer, dedication, self-discipline, and separation.

From the above it can be seen that the Bible Institute thrives on a distinctive character that is not duplicated in other kinds of schools. Students who are dedicated and have a call to Christian service should seriously consider Grace Bible Institute in planning advanced training.

General Information

History

The history of Grace Bible Institute is literally studded with an answers to prayer. During this quarter century more than spiritual depth and understanding and have witnessed to the saving grace of Jesus Christ.

The beginning dates back to the commencement activities at Collahoma Bible Academy in 1942 when several brethren shared a lands. In the providence of God, ten Mennonite ministers met in that should be fundamental in doctrine, vitally spiritual in emphasis

In the brief span of time between June 1 and September 8, 1943, the Lord opened doors and removed obstacles in such an unof God. As a noted Bible scholar commented upon visiting the camplanting . . ".

At a dedicatory service on September 8 Dr. C. H. Suckau, Board chairman and later the first president of the Institute, addressed the assembled group using Nehemiah 2:17 as a text, "Come, and let "Institute, addressed the us build up the wall of Jerusalem, that we be no more a reproach."

"In concluding the address, mention was made of the seven some undertaking:

1. Place: The Lord definitely led the original group of men to Omaha on June 1 and opened doors for them here.

- 2. Building: The Presbyterian Theological Seminary was made available for our use without any financial obligation other than its upkeep.
- 3. Incorporation: The laws of Nebraska were such that incorporation under the existing laws was impossible, but these laws were revised just as we were faced with the alternative of having to locate the Grace Bible Institute in some other state.
- 4. Faculty: The consent of the last needed members to complete the faculty arrived by telegram that very afternoon at 3 P.M. so that the school could be opened with a complete staff of teachers.
- 5. Student Body: A total of eighteen students registered on the first day.
- 6. Funds: In a short time, the Lord sent in over \$7,000 in gifts.
- 7. Permanent Location: The Lord preserved Stuntz Hall for us, so that on that afternoon (September 8) a purchase contract for the building was signed by the Board.

The years following, likewise, reveal a pattern of growth and divine supply. In the early years the student enrollment grew rapidly so that by 1949 it had reached 331. During the intervening years, enrollment remained quite constant, climbing again in the sixties. Total enrollment for 1967, the 25th anniversary year, reached 431.

Progress has continued in many areas with the addition of more well trained faculty, up-grading of the academic program, revision and enlargement of the administrative structure, expansion of the physical plant and a constant vigilance that the spiritual moorings of the Institute be kept intact.

Expansion of physical facilities have been accomplished throughout the years by the provision of God's hand so that the Institute now owns twenty buildings on or surrounding the original site. New buildings constructed were:

Suckau Memorial Chapel
(Basement—1949)
(Main floor—1957)
Schmidt Memorial Hall (for men)—1962
Student Center—1967

Each of the above became an adventure in faith and a distinct answer to prayer as the need was supplied and the buildings so

direly needed became a reality to train young lives for God's service.

An additional ministry of the school has been the establishing of a 29,000 watt radio station, KGBI-fm, with an outreach of some thirty to sixty miles. A ministry of Christian programming, sacred and classical music and thorough news coverage is leaving an impact for God and for good in the Omaha-Council Bluffs community.

The direction of Grace Bible Institute has been vested in a strong, spiritually minded Board of Directors, representing at the present time six denominations and coming from eight states or provinces. An active Advisory Council, now numbering 182, has supported the Institute by prayer, student recruitment and finances. In 1967 a Ladies Auxiliary was formed to undergird the school by prayer, projects

Doctrinal Statement

The following doctrinal statement sets forth the theological position of Grace Bible Institute and provides a basis for doctrinal agreement. Each member of the Board of Directors, Advisory Council, Faculty, and General Staff is required to subscribe to the unabridged doctrinal statement annually. Copies of the unabridged statement are available from the President's Office.

- I. We believe that the Scriptures of the Old and New Testaments are the infallible Word of God, a divine revelation, the original autographs of which were verbally inspired by the Holy Spirit, and that they are the supreme and final authority of faith and conduct. 2 Tim. 3:16, 17; 2 Pet. 1:21
- II. We believe in one God, eternally existing in three persons: Father, Son, and Holy Spirit. Matt. 3:16, 17; 28:19, 20; 2 Cor. 13:14.
- III. We believe that Jesus Christ was begotten by the Holy Spirit, was born of a virgin, and is truly God and truly Man. Gen. 3:15; Matt. 1:18; Phil. 2:5-8.
- IV. We believe in the resurrection of the crucified body of our Lord, in His ascension into heaven in that body glorified, in His present life there for us as High Priest, in that "blessed hope," the personal, pre-millennial, and imminent return of our Lord and Saviour Jesus Christ for the Church, and in His "glorious appearing" with the Church to set up His earthly kingdom. Jn. 20:20; Acts 1:9-11; Heb. 4:14-16; Tit. 2:13; I Thess. 4:13-18; Acts 15:16.
- V. We believe that the Holy Spirit is a person, is co-equal with God in all His attributes, and is sent by the Lord Jesus Christ from the Father, to convict the world of sin, to regenerate, indwell, guide, and teach the believer, and to empower him to live in victory over sin. John 15:26; Jn. 16:7, 8, 13.
- VI. We believe that man was created in the image of God, but in the sin of the first Adam the whole human race fell and, apart from Christ, is spiritually dead and lost. Gen. 1:26; Rom. 5:12; Rom. 3:23.
- VII. We believe that Jesus Christ died a substitutionary death upon the Cross, by grace providing salvation for all who believe on Him, justifying them on the ground of His shed blood. Eph. 1:7; 2-8; I Pet. 2:24.
- VIII. We believe that all who by faith receive the Lord Iesus Christ as their personal Saviour become the children of God, that eternal life is a present possession, that at death their spirits depart to be with Christ in conscious blessedness, and that at Christ's coming for the Church their bodies shall be raised, and, together with the believers then living on the earth, transformed into the likeness of the body of His Glory. Jn. 1:12, 13; 5:24, I Cor. 15:51.
- IX. We believe that all who persistently reject Jesus Christ in the present life will after the thousand years be raised from the dead, and throughout eternity exist in a state of conscious and endless torment. Rev. 20:11-15.
- X. We believe that the Church consists of all those who, in this dispensation, truly believe on Jesus Christ, that it is the body and

bride of Christ, and that its mission is to witness for Christ among all nations. Acts 15:14; Acts 1:8.

XI. We believe in the reality and the personality of Satan, a subtle being who ultimately will be cast into the lake of fire. Rev. 20:10.

XII. We believe in a consistent Christian life and in abstaining from worldly practices, such as swearing of the oath, affiliation with secret societies, using courts for settling disputes among believers, taking personal vengeance and participating in carnal strife, and divorce as forbidden by the Lord. I Jn. 2:15-17; Rom. 12:2; James 5:12; 2 Cor. 6:14, 17; 1 Cor. 6:7, 8; Rom. 12:17-21; Rom. 13:9; Mat.

Deferred Payment Plan

All bills are due and payable in advance at the beginning of each semester. However, the student who is not able to pay in full may sign a deferred payment agreement for the unpaid balance. In this agreement the student promises to pay the balance as soon as he possibly can. The schedule below indicates the maximum unpaid balance any student can have at the given deadline dates:

	First Se	emester Non-Dorm	Second Dorm St.	Semester Non-Dorm
Maximum unpaid bal. at registration	\$300.00	*\$125.00	\$400.00	*\$175.00
Maximum unpaid bal. end of 4th week	200.00	80.00	300.00	135.00

Maximum unpaid bal. end of the 12th week	Paid	in full	100.00	50.00
Maximum unpaid bal. end of the 16th week			Pa	id in full

Although student invoices will vary according to course selections (see "Financial Information") the maximum unpaid balance is the same for all dormitory students. Non-dormitory students have a separate maximum balance. To determine the amount needed to register, use this simple formula: Total invoice minus maximum unpaid balance equals minimum initial payment.

Second semester students who were not enrolled for first semester will follow the first semester payment requirements.

When the unpaid balance exceeds the maximum allowed (see chart above) at any of the deadline dates students will be assessed a \$2.00 carrying charge. (See handbook for specific dates)

The above schedule does not apply to students who register for only a few hours. Minimum initial payment for any student shall not be less it be less than \$50.00. Arrangements for payment of any unpaid balance will be made at time of registration.

When a student officially drops a course during the first four weeks of the semester, no grade will be recorded. After that time he may withdraw from a course without the loss of grade points only if he is doing average work. In this case he would receive a "W" in the course. If he is not doing average work, a "WF" is recorded, resulting in no grade points. Grades are considered final two weeks after they have been issued by the Registrar's office.

Quality Point System

A student's academic standing is computed by the numerical value assigned to each course grade. Every credit hour of A, for

example, has the value of four points (see explanation under grading system). The total quality points earned, divided by the number of credit hours attempted, gives the grade point ratio. Graduation requirements and scholastic honors are determined on this basis.

Scholastic Probation

A student's academic standing is determined by his grade point average. To be eligible to continue in school a student must have the following average. the following cumulative grade point averages as a minimum: after one semester 15 of the four one semester, 1.5; after two or three semesters, 1.75; after four semesters and thought semesters and thereafter, 2.0. Day school students who are taking less than twelve hours for credit are not permitted to audit classes. All auditors must have the approval of the Dean of Education. The fee is nonrefundable (see page 22).

Private Tutorship

In unusual circumstances a student's program may require that he take a course not offered during a given semester. It may be possible to arrange to take this course by private tutorship. Approval is necessary by the instructor and the Dean of Education. A special fee is charged. (see page 22).

Class Attendance

Students are expected to attend all the classes in which they are enrolled, as well as chapel, Bible and Missionary Conference, and all the functions where attendance is required. Absences will be excused only when a valid and acceptable reason is presented. Unexcused absences result in the loss of grade points.

Music Electives

A maximum of four hours of applied music may be applied towards graduation in any of the non-music courses. Likewise, a maximum of four hours in Chorale or Band will be accepted in a nonmusic course.

Academic and Work Load

The recommended academic load for each semester is indicated by the number of semester-credit-hours suggested in the various programs grams, usually this is 15-17 per week. Students may enroll in more than 17 than 17 semester-credit-hours only if their grade point average the previous semester was 2.8 or over, and if they receive special permission for sion from the Dean of Education. Credits earned in music are counted toward the maximum load.

The employment load assumed by each student should be only as many hours as absolutely necessary to pay actual school expenses. The student who comes with adequate resources to pay most of his expenses has a decided advantage in that he will thereby conserve time and energy for his studies.

New students are limited to approximately 24 hours of employment per week for the first year. This means that to meet the expenses of the first semester they should have assistance from parents or friends.

All students should strive to maintain a proper balance between academic load and employment. Returning students enrolled in 16 semester-credit-hours may not be employed more than 28 hours per week. When increased responsibility makes additional work necessary, the student should adjust his academic load accordingly. The Dean of Students rules on all exceptions.

Married students who will need employment in excess of 28 hours per week should plan to carry a reduced academic load.

Correspondence Courses

Courses taken by correspondence at an approved school may apply toward graduation if a grade of "C" or above is achieved. A limit of 9 credit hours of such work may be applied to a single program. Degree Programs

Purpose

The degree programs are designed for students who have answered God's call to full-time, church-related ministries. The various programs are structured to provide specialized training which the student will need to serve effectively in his chosen field of Christian service. These programs are terminal unless otherwise specified.

Content

The degree programs consist of a Bible Major to thoroughly ground the student in the Christian faith in preparation for life and service, general education to broaden the educational foundation of the student through a study of the great cultural heritage of mankind, and professional studies to give proficiency in a specialized area of Christian service. The Bible major provides the foundation of the training, supported by general and professional studies resulting in an integrated program properly related to Jesus Christ.

Length

The degree programs require four to five years to complete. Christian workers to be effective must have a knowledge of the Bible and be mature in Christian character and experience. Prospective students are urged to take sufficient time for thorough training.

Choice of Program

When students first enroll at the Institute, they often find it difficult to choose with certainty the area of specialization. For this reason the first year is similar in all programs. By the beginning of the second year students are usually prepared to choose the program they plan to complete. Specialized subjects are scheduled to begin in the sophomore year.

Foreign Language Requirements

Greek is required in all the programs offered by the pastor's department.

In all other programs the student may choose another language being offered.

An accepted equivalent of two years of foreign language may consist of (1) one year of high school and three semesters of college work is all the school and two work in the same language, (2) two years of high school and two semestrum (3) three years semesters of college work in the same language, (3) three years of high the same language, (4) three years of high three years o of high school and one additional semester of college work in the same language. In any case, only work done on the college level will be account to th be accepted as credit towards a degree. All high school foreign language guage must be validated by examination including those transferring from Canadian schools.

Usually we do not recommend that three years is adequate preparation for most church-related ministries. Today four or more years will generally be necessary. However, where the student is already mature and more advanced in years the concentrated Bible study and practical training of this program may prove adequate.
- 2. As a basis for other undergraduate work. Students who feel the need of getting a degree from a liberal arts college may wish to take this program first. Such a plan will not only establish them in the Scriptures before going into the liberal arts field but also prepare who completes the three-year program has the advantage of the heavy also greatly profits from the other distinctive features of a Bible phasis placed upon the personal spiritual life.

BACHELOR OF SCIENCE

(Bible major, Missions minor, and Secretarial Science) See page 74 for description of this program.

BACHELOR OF SCIENCE (Bible major, Professional Nursing)

Purpose

This program is designed to prepare women students for a career in missionary service. The aim is to provide training that will deepen the spiritual life, broaden the missionary perspective, and equip the candidate to render professional service. This five-year program combines basic courses in general education, professional nursing education, and thorough Bible study. A total of 127 semester-credithours are required for the degree. Sixty-one hours of credit are allowed for the work completed at the nursing school. The remaining sixty-six hours of credit are earned at Grace Bible Institute.

A Joint Program

This program is made possible through cooperation with a School of Nursing which is fully accredited by the Nebraska State Board of Nursing and the National League for Nursing. The plan is for a student to spend the first year on the Institute campus in studies in Bible and general education during which time she is to make application for admission to the School of Nursing. If accepted, the next three years are spent in nurses' training. The fifth year the student returns to the Institute campus for intensive study in Bible and related fields.

After the three years at the School of Nursing, if the student successfully passes the State Board examination, she becomes a registered nurse (R.N.). If she successfully completes the fifth year at Grace, she is graduated with a Bachelor of Science degree from the Grace Bible Institute.

This program in nursing is similar to such courses offered in some liberal arts colleges, yet the purpose is somewhat different. Whereas their emphasis is more on science and the technical aspects of nursing, that of Grace is more on a spiritual ministry. For this reason, persons who are called to teach in schools of nursing or whe are looking for supervisory positions in hospitals may in some instances find it to their advantage to have their B.S. degree from a standard liberal arts school. On the other hand, since this is a unique program designed to meet the need for professionally trained missionary candidates, the Bible and missions subjects offered in the program are indispensable.

Students who wish to enroll in this program should keep in mind that acceptance by the Grace Bible Institute does not necessarily mean acceptance by the School of Nursing.

D

Applicants who wish to take their professional training in another hospital, or graduate nurses interested in the program at Grace Bible Institute leading to the B.S. degree should write the Dean of

A Joint Program

The student obtains proficiency in secretarial science by completing the Secretarial course at the C.E. School of Commerce located at 31st Avenue and Dodge Street, Omaha, Nebraska. This school is accredited by the Nebraska State Board of Education and is held in high regard by the Commissioner of Education of the State of Nebraska. It has one of the finest facilities (a modern three-story building completely air-conditioned), good equipment, and a competent staff.

The students who apply themselves diligently should be able to complete the secretarial courses in thirty-six weeks. Requirements include 120 wpm in shorthand and 60 wpm in typing in a 10-minute timed exercise with not over three errors. In the event that the student is unable to complete proficiency in secretarial skills in the one year allotted, it may necessitate summer school or an additional semester to complete the program.

The plan is for the student to enroll the first two years in subjects offered at Grace Bible Institute, the third year is given mainly to study at the school of commerce, and the fourth year the student completes her work towards the B.S. degree by again enrolling in subjects offered by the Institute. While the student is engaged in studies at the school of commerce, she continues to room and board at Grace Bible Institute and will be expected to complete six semester-credit-hours in Bible.

The student may secure details regarding any phase of this program, including the subjects taken at the C.E. School of Commerce by writing to the Director of Admissions at Grace Bible Institute. Although two schools are involved in this program, only one application for admission is required. Students who are accepted by Grace Bible Institute for admission are also assured of acceptance by the C.E. School of Commerce.

Applicants who have already completed their secretarial training and who desire to complete the B.S. degree at Grace Bible Institute should write to the Dean of Education for more information.
